CALL FOR ABSTRACTS

SPE / ICoTA 15TH EUROPEAN WELL INTERVENTION ROUND TABLE

Well Intervention - rejuvenating the North Sea

Wednesday 18th and Thursday 19th November 2009
Aberdeen, Scotland

The **SPE ICoTA European Well Intervention Round Table** is Europe's premier forum for exchange and discussion of the latest developments in completion and well intervention techniques.

The event encompasses the full range of well intervention practises including coiled tubing, slickline, e-line and hydraulic workover as well as specialist tools and solutions.

Presentations, which need not be full papers, will be welcome on relevant topics such as:

- safety innovations – making well interventions safer
- intervention techniques and practices
- thru-tubing drilling and completions
- Intervention equipment development and new technologies
- subsea well interventions

Abstracts of 100 to 200 words should be sent to the address below.

Case studies, from the UKCS or other areas worldwide, are particularly welcome. ICoTA numbers will be awarded to presentations delivered at the Round Table.

The European Well Intervention Round Table is jointly organised between SPE Aberdeen and ICoTA European Chapter.

Deadline for abstracts 15th July 2009
